

Hong Kong Secondary School Model United Nations Conference 2019

Jenny Leung, Elly Tsang and Carly Yuen from 5D attended Model United Nations Conference 2019 at Youth Square from 1 to 3 July 2019. They were assigned as delegates representing Italy. The conference they participated in include Social, Humanitarian and Cultural Committee (SOCHUM) with the topics of “International Volunteerism” and “Elimination of Child, Early and Force Marriage”; and the United Nations Office on Drugs and Crime (UNODC) with the topics of “Actions to Combat Drug trafficking and Drug Abuse” and “Preventing the Use of Information Technology to abuse and Exploit Children”.

The conference allowed students to practise research, writing and debating skills. The three participants have also learnt the importance of teamwork and leadership. Engaging in the conference provided them a chance to discuss and debate with their fellow delegates in the committee, which has deepened their understanding into recent global issues.
